

ATTACHMENT A - Location and Licence Area

Licence Area illustrated in **red**.

Trailer and towing vehicle shaded **black**.

Location of drop off/pick up trailers shaded **green**.

Log Cabin Lease areas shaded **yellow**.

ATTACHMENT B – Trailer and Potential Design

Note the images omit the chassis and wheels.

ATTACHMENT C - Representation of Trailer size in context

Note – The trailer in this image is 1.4 metres shorter in length, than that proposed.

ATTACHMENT D – Resource Consent Plans

D1 - Map of Jet Ski Tour Routes

Route A is the main anticipated route (approx. 90 minutes) departing from Lakeland Wanaka’s beachfront license/jetties. The tour will proceed through Roys Bay to Ruby Island in a ‘follow the leader’ type group, to get passengers comfortable operating their jet skis and pass through the normally busier part of the Lake in a tighter group. From here passengers will be given a little more freedom following the general direction of the guide but given more space due to the decrease in other Lake traffic. The tour will proceed into Glendhu Bay for a viewpoint of Mount Aspiring, and towards Mou Tapu Island. Passengers will be given the opportunity to swim off their jet ski beside Mou Tapu Island before returning towards Roy’s Bay following the guides direction before the tour forms the ‘follow the leader’ group again to get back through Roy’s Bay to the beachfront.

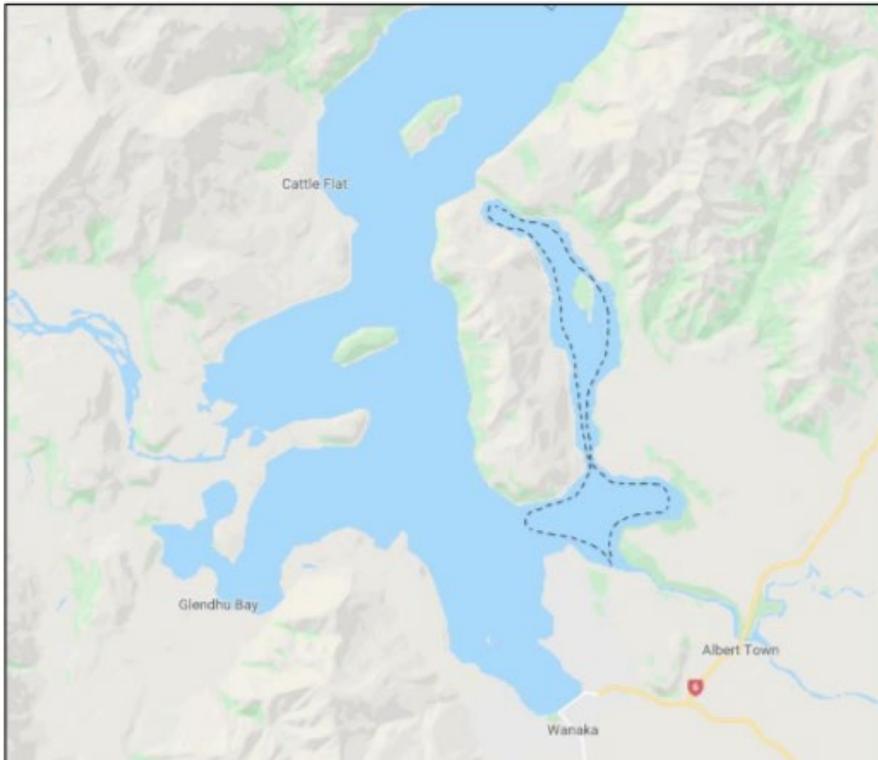

Route B will be offered as an on-enquiry basis for longer tours (3-4 hours). Departing from Lakeland Wanaka's beachfront license/jetties the tour will proceed through Roys Bay to Ruby Island in a 'follow the leader' type group, to get passengers comfortable operating their jet skis and pass through the normally busier part of the Lake in a tighter group. From here passengers will be given a little more freedom following the general direction of the guide but given more space due to the decrease in other Lake traffic. The tour will proceed towards Mou Tapu Island then to Mou Waho Island where the jet skis will be beached, and passengers will be guided on a walk to the top of the island. The jet ski tour will return back towards Roy's Bay in the same fashion as it left before forming the 'follow the leader' group again to get back through Roy's Bay to the beachfront.

Route C

Route options C and D are alternative options that may be run on market demand. These trips will mainly be run when weather renders Routes A and B too difficult or unsafe due to wind and wave action.

Route D

D2

MAP OF LAKE CRUISE TOUR ROUTES (POWERED VESSEL)

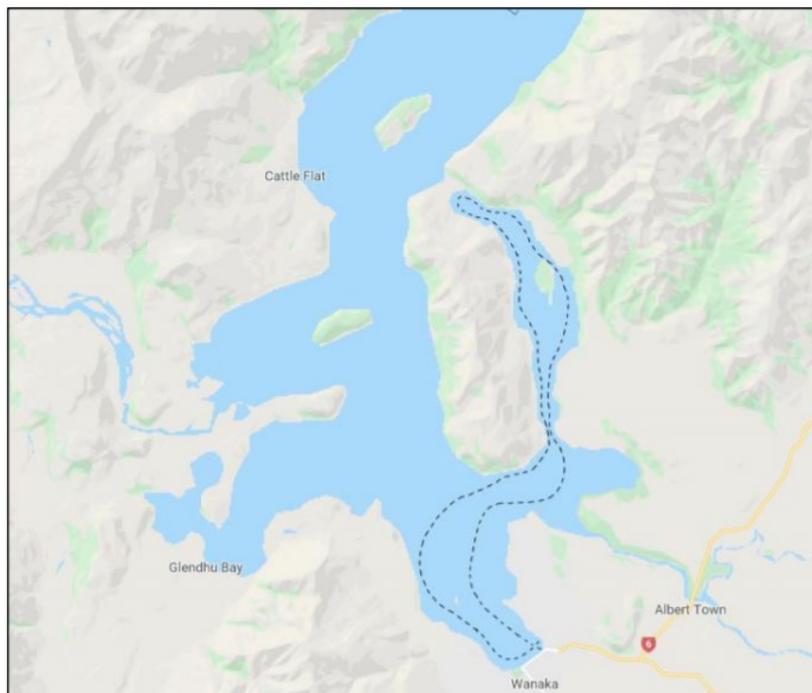

Route A

Route A is the main anticipated route (approx. 60 minutes) departing from Roy's Bay rounding Ruby Island heading to Mou Tapu Island. The vessel will stop at the Island for photos and commentary of the area. From Mou Tapu the tour will return back to Roy's Bay.

Routes B and C

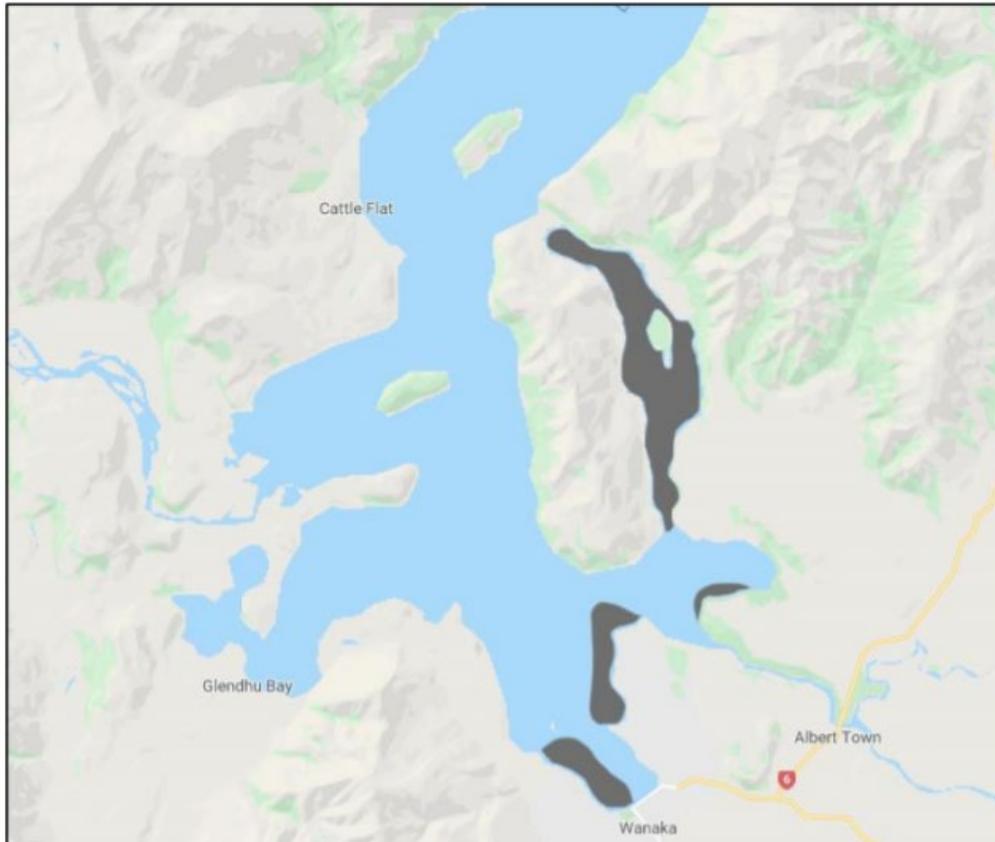

Routes B and C are alternative scenic tours that may be run subject to market demand from time to time.

D3

MAP OF FISHING CHARTERS

Fishing destinations include the following areas:

D4

2D MAP OF TOWED WATER SPORTS ACTIVITIES

The towed water sports activities would occur in the following areas:

- West side of Roys Bay away from Marina and other traffic including ski lanes and walking paths
- Open space between Ruby Island, Glendhu Bay and Mou Tapu Island.
