

We're now building the

Queenstown Town Centre Arterial Road (Stage 1)

From late-March until late 2023 we'll be building a new road layout to connect Frankton Road and Melbourne Street, creating the gateway to Stage 1 of the new Arterial road. Deep trenches will be dug to upgrade underground services and the road will be widened and rebuilt, creating a safer intersection and more space for buses, walking and cycling. Over this time there will be quite a bit of disruption to a 200m stretch of Frankton Road between Suburb Street and Adelaide Street. Here's what to expect:

Thanks for your patience while this important project is underway.
