## 35.1 Purpose

The purpose of the Temporary Activity provisions is to enable temporary events, filming, construction activities, military training, temporary utilities and temporary storage to be undertaken, subject to controls intended to minimise adverse effects. The provisions recognise that temporary activities, events and filming are important to the economic, social, and cultural vitality of the District, and are therefore encouraged.

The Relocated Building provisions primarily seek to ensure that the reinstatement of such buildings is compatible with the surrounding environment and amenity. The requirements of this chapter enable matters to be considered in addition to any specific controls for buildings and structures in the Zone Chapters and other relevant District Wide Chapters.
