MAY IT PLEASE THE COURT

1. Federated Farmers lodged an appeal on the Proposed Queenstown District Plan (ENV-2018-CHC-053). Federated Farmers understands that all of its appeal points have either been resolved by consent orders issued by the Court or have been withdrawn by memoranda previously filed with the Court.
2. However, to the extent that any of Federated Farmers' appeal points remain live, it wishes to withdraw those appeal points.
3. Federated Farmers is also a section 274 party to various other appeals, some of which remain live and are the subject of the upcoming workshop hearing or future hearings. Federated Farmers wishes to withdraw all remaining section 274 interests it has in the proceedings.
4. Over the past three years, Federated Farmers has participated extensively in mediation processes regarding the Proposed District Plan appeals. After reviewing recent correspondence from the Court and parties, and after assessing the nature of the remaining issues and Federated Farmers' internal resourcing constraints, Federated Farmers has decided to withdraw all of its remaining interests in all remaining topics and not participate in the proceedings further.
5. Federated Farmers does not consider that any issues of costs should arise from its withdrawal from the proceedings. However, if any such issues were to be raised then Federated Farmers would seek to be heard on that aspect.
