### Public Forum

1. Pierre Marasti (Extinction Rebellion): *Climate change et al*

Mr Marasti presented data from 2020 showing the cost of climate change in that period. He referred to the cost (both financial and in human life) of weather disasters in 2020 and the increasing speed of the ice melt, adding that the United Nations did not now consider that international climate change measures were enough to reverse the trend. 2021 had not started any better with unusually heavy snow storms in Europe, storms in Fiji and a state of emergency in Hawaii due to flooding. More locally, there had been wildfires in Australia followed by floods, record temperatures in Timaru and Ashburton and cherry crops ruined in Central Otago. Rising temperatures in Otago also threatened the future of the fruit-growing and skiing industries in the region.

### Confirmation of Agenda

**On the motion of the Mayor and Councillor Gladding the Queenstown Lakes District Council resolved that the agenda be confirmed without addition or alteration.**

1. **Ten Year Plan Consultation Document**

A covering report from Meaghan Miller (General Manager, Corporate Services) introduced the 2021-2031 Ten Year Plan Consultation Document and supporting documents in order to begin public consultation.

Ms Miller and Mr Burns presented the report.

Ms Miller acknowledged the hard work of the team of staff involved in preparing the Ten year Plan and consultation document. She advised of two minor changes to the documents, being a correction of 'comprises' to 'compromises' in the consultation document and a heading change in Volume 2 from 'Quantified Limits on Borrowing' to 'Quantified Limits on Rates'. Further the audit opinion on the consultation document had been received and circulated earlier in the day.

There was further discussion about the Lakeview project; Councillor Gladding sought clarification on when consultation had been undertaken on the funding and use of the land. Various comments of support for the Ten Year Plan and the consultation document were made.

Councillor Shaw acknowledged the huge amount of work involved in preparing the plan and consultation documentation but she did not consider that the community's wish for the Council to take stock of the situation had been adequately captured in it. Because the plan was essentially consulting on 'business as usual' and there was little ability to change its underlying assumptions, she did not support the recommendation.

Councillor Smith stated that he was unable to endorse this plan because the Upper Clutha area needed a greater share of the proposed expenditure. This lack of balance across the district meant that he would not support the recommendation.

Councillor Gladding also spoke against the recommendation. She agreed that it was simply enabling business as usual with no adjusted view to enable a Zero Carbon Emissions programme. She also had concerns that some of the proposed expenditure was pre-determined. For these reasons, she did not support the recommendation.

**On the motion of Councillor Lewers and the Mayor it was resolved that the Queenstown Lakes District Council:**

- 1. Note the contents of this report; and**
- 2. Adopt the Ten Year Plan (Long Term Plan) supporting documents (Volumes 1 and 2);**
- 3. Adopt the Draft Ten Year Plan (Long Term Plan) Consultation Document for consultation;**
- 4. Approve the Council entering into consultation on the proposed amendments to the Policy on Development Contributions in accordance with Part 6, section 106 (6) of the Local Government Act 2002; and**
- 5. Adopt the Draft Significance and Engagement Policy 2021 to undertake consultation through the Draft Ten Year Plan Special Consultation Process.**

*The motion was put and carried on a show of hands 6:3, with Councillors Gladding, Shaw and Smith recording their votes against the motion.*

## 2. **Queenstown Airport Statement of Intent**

A covering report from Meaghan Miller (General Manager, Corporate Services) introduced the Queenstown Airport Corporation draft Statement of Intent (SOI) for the year ending 30 June 2022.

Ms Miller presented the report.

The Chief Executive explained how the Council would be involved in developing comment to the QAC Board on the draft SOI.

Councillor Gladding asked the Mayor to take the parts of the motion separately. He confirmed that he would put parts 1-3 together and then (4) as a separate motion.

**On the motion of the Mayor and Councillor Copland it was resolved that the Queenstown Lakes District Council:**

- 1. Note the contents of this report;**
- 2. Note the QAC is a Council Controlled Trading Organisation (CCTO) as per Section 6 of the Local Government Act 2002 (the Act) and must therefore comply with Section 64 of the Act that requires all CCOs to have a Statement of Intent that meets with the requirements of Schedule 8. This is a statutory requirement.**
- 3. Receive the Draft Queenstown Airport Statement of Intent Year ending 30 June 2022 prior to being asked to agree the final SOI on 30 June 2021.**

*The motion was carried unanimously.*

**On the motion of the Mayor and Councillor Copland it was resolved that the Queenstown Lakes District Council:**

- 4. Authorise the Chief Executive to provide Council comment to the QAC Board and Executive on or before 1 May 2021 in accordance with the Act.**

*Councillor Gladding recorded her vote against the motion.*

3. **Queenstown Airport Six Month Report**

A covering report from Stewart Burns (GM Finance, Legal & Regulatory) presented the financial and management report for Queenstown Airport Corporation ('QAC') for the half year to 31 December 2020.

Mr Keel and Mr Williamson presented the report and commented further on the effects of COVID-19 on the airport's business over the last six months.

**On the motion of Councillor Lewers and Councillor Gladding it was resolved that the Queenstown Lakes District Council note the contents of the report and receive the half yearly report of the Queenstown Airport Corporation.**

4. **Update to the Hāwea Special Housing Area Deed between Council and Universal Developments**

A report from Katie Russell (Policy Planner) assessed a further request to amend clause 43 of the Hāwea Special Housing Area Deed, on this occasion to change the percentage of land that could be sold as bare land from 30% to 40% (noting that the original request had been a change to 50%), and to exempt first home buyers from the constraint on the sale of bare land. The intent of this change was to allow more flexibility in how some of the development could be sold. The report recommended that the Council approve the updated request and to allow the changes to be added to the Deed of Agreement.

Mr Avery and Ms Russell presented the report.

Councillor Shaw expressed support for discouraging property speculation but noted that the core ethos of the SHA legislation had been to increase the amount of housing stock and supporting this change would have the opposite effect. Accordingly she rejected the recommendation and stated that she wished to move instead 'not to accept the proposed variations of clause 43 of the Deed'. This was Option 2 in the officer report.

There was further discussion about the ramifications of moving such a motion which was recognised as being a direct negative of the report recommendation. It was noted that such an action was governed by Standing Order 22.5 and the Mayor did not accept what Councillor Shaw proposed as a motion.

There was discussion about the need for affordable housing in the district and the fact that no other SHA Deeds that had been agreed in the district contained such affordability measures.

Councillor Smith considered that the aim of the Universal Developments SHA proposal was for sections to be sold and houses built and this was the original intent of clause 43. Accordingly, he did not support the officer recommendation to permit the change.

**On the motion of Councillor Clark and Councillor Lewers it was resolved that the Queenstown Lakes District Council:**

- 1. Note the contents of this report.**
- 2. Accept the two proposed variations to clause 43 of the Hāwea Special Housing Area Deed.**
- 3. Direct the General Manager Planning and Development to confirm these changes.**

*Councillors Gladding, Shaw and Smith recorded their votes against the motion.*

*Councillor MacLeod and Councillor Smith withdrew from the table.*

#### **5. Decisions on Submissions to PDP Stages 3 and 3b**

A covering report from Ian Bayliss (Planning Policy Manager) presented the reports and recommendations of independent commissioners on provisions and matters raised in submissions for the variations and chapters of the Proposed District Plan constituting Stages 3 and 3b of the district plan review and sought ratification of them as a Council decision. The recommendation sought Council approval to notify decisions on chapters 18A General Industrial, 19A Three Parks Commercial, 19B Three Parks Business, 20 Settlement Zone, 39 Wāhi Tūpuna, 46 Rural Visitor Zone, Business Mixed Use and Residential Design Guidelines, Arthurs Point North and 101 Ballantyne Road re-zonings, Open Space and Recreation, Glare, Fire Fighting, Wānaka Medium Density Residential, and Frankton Road Height Control in accordance with Clause 10 and 11 of the First Schedule of the Resource Management Act 1991.

Mr Avery and Mr Bayliss presented the report.

make changes of minor effect in accordance with Clause 16(2) of the First Schedule of the Resource Management Act 1991 as recommended in the reports and recommendations;

4. Note that adopting the reports and recommendations on submissions as the Council's decision means the Council also adopts the independent hearing panel's reasons for those decisions on groups of submissions and individual submissions as set out in the recommendation reports;
5. Note that adopting the reports and recommendations as the Council's decision does not mean Council has formed a view on possible future variations, possible withdrawal of areas of land from the current review and other possible future decisions mentioned in the reports and recommendations.

*Councillor MacLeod and Councillor Smith returned to the table.*

6. **Proposal to amend the fees and charges schedule used for resource consents, building consents, resource management engineering and other matters**

A report from Rachel Beer (Planning Support Manager) presented proposed changes to the fees and charges for resource consents, building consents, resource management engineering and other matters for consultation through the special consultative procedure.

Mr Avery presented the report. He noted that fees and charges had not increased for three years. He advised of a minor change to the Statement of Proposal in that public notification would now occur on 24 March 2021.

Ms Miller, Mr Harris and Ms Scott presented the report. In response to questions, Ms Miller confirmed that what was proposed represented a very modest encouragement and did not impact upon the processing of applications which was already efficiently delivered. She stressed that the proposal had been developed in response to a particular approach from the film industry.
