Hi Shelley,

I submitted in opposition to the Gertrude and Larchmont notification and am in agreement with APONLS minute 19.10.22 lodged and uploaded by DP hearings today. There is not enough time in the current hearings schedule to properly consider these last minute revisions and I support the hearings being pushed back so everyone / the landscape experts can properly assess the revised submissions.

Given the importance of this ONL, I am concerned that this process is being hurried and will likely compromise its fairness.

Kind regards,
Paul Hollingsworth
