Subject: RE: District plan designations

Hi Craig,

These designations seem to be historic and no longer required to be listed in the district plan. I assume they were rolled over when the current district plan was formulated.

The land areas under the designations are now gazetted as either scenic or recreation reserves under the Reserves Act, which is the purpose for which the land was required originally.

As it is unusual for DOC to hold land designations and there will be no implications for not continuing to hold these four designations, it is therefore considered that these can be removed from the plan through this review.

Regards

Geoff Deavoll

Hi Geoff

Can you confirm the Department of Conservation will confirm the roll over of its designations with or without modification by 28 November 2014.

Regards

Craig

Subject: District plan designations

Hi Craig,

Thank you for the attached letter. Unfortunately it has taken a while to get to me so a response to the questions may not be possible prior to the 30th September.

We are attempting to gather information on the four designations referred to, why there were required and whether they will continue to be required.

I hope to have a response to you as soon as possible.

Regards

Geoff
