Notice to consult on draft Glenorchy Airstrip Reserve Management Plan 2025

PURSUANT TO SECTION 41 (5) RESERVES ACT 1977, Queenstown Lakes District Council (QLDC) gives public notice of the draft Glenorchy Airstrip Reserve Management Plan 2025. The Reserve Management Plan sets out the direction for use and management of the Airstrip Reserve, including the primary purpose, flight numbers and infrastructure.

Objectives and policies in the draft plan include:

- Aviation Operations
- Commercial Aviation Activity
- Development and Infrastructure
- Funding and User Charges
- Carbon and Noise Emissions
- Governance and Community Input

You're invited to provide formal submissions on the draft Reserve Management Plan from Friday 30 May. Submitters also have the option to speak to their submission at a public hearing in August.

Once public consultation has closed and submitters have had the opportunity to speak at a public hearing, a hearing panel will consider all submissions and make final changes to the plan. This plan will then be presented to Community & Services Committee for recommendation in September and to Full Council for adoption on 9 October 2025.

Notice to consult on draft Te Tapunui Queenstown Hill Forestry Management Plan 2025

PURSUANT TO SECTION 83 OF THE LOCAL GOVERNMENT ACT 2002, Queenstown Lakes District Council (QLDC) gives public notice of the draft Te Tapunui Queenstown Hill Reserve Forestry Management Plan 2025 for submissions. The QLDC Proposed District Plan Designation #374 authorises QLDC to carry out forestry operations in the area known as Te Tapunui Queenstown Hill Recreational Reserve. The draft Forestry Plan's objective is to remove all wilding tree species on Te Tapunui Queenstown Hill Reserve and replant the site with a mixed native/exotic forest and scrub/tussock grassland.

The draft Forestry Plan contains details on forestry access, public utility infrastructure, recreation, topography, hydrology, landscape, and existing vegetation and proposed future vegetation cover.

The removal of wilding conifers and the replanting on reserve land will have an impact on recreational experiences, trails, the visual landscape, neighbouring properties, and natural hazards; all while reducing wildfire risk and enhancing biodiversity.

You're invited to provide formal submissions on the draft Te Tapunui Queenstown Hill Forestry Management Plan 2025 from Thursday 5 June to Sunday 6 July. Submitters have the option to speak to their submission at a public hearing on 21 July. Once public consultation has closed and submitters have had the opportunity to speak at a public hearing, a hearing panel will consider all submissions and make final changes to the plan. This plan will then be presented to Full Council for adoption on 4 September 2025.
