## 20 Settlement Zone

### 20.1 Purpose

*[add the following text in the first paragraph]*

The Settlement Zone applies to the settlements of Glenorchy, Kinloch, Kingston, Luggate, Makarora and Cardrona. The Zone provides for spatially well-defined areas of low-intensity residential living. Due to the location of each settlement within rural areas, and as all settlements (except for Luggate) are located amidst Outstanding Natural Landscapes, the location and setting of each settlement are strong contributors to their individual identities.

*[add the following text after the fourth paragraph]*

Within the Cardrona Settlement the Commercial Precinct applies to land located around the focal point of the Cardrona Hotel and Cardrona Valley Road. Throughout the balance of the Settlement Zone at Cardrona, the Visitor Accommodation Sub-zone enables the further establishment of visitor accommodation activities. The Cardrona Village Character Guideline 2012 applies to all development within the Zone at Cardrona. The guideline identifies the key characteristics that make Cardrona distinctive, and provides guidance on how these characteristics can be incorporated into the design of development.

### 20.2 Objectives and Policies

*[add the following text to Policy 20.2.2.4]*

- 20.2.2.4 Include development controls that reflect key characteristics of development in Settlements, including through building height limits, encouraging gable roof forms in Glenorchy and Cardrona, and achieving consistency with the Cardrona Village Character Guideline 2012.

# Amendments to the Cardrona Character Guideline 2012

## Part 1.1 Purpose of the Guidelines (page 1):

### Delete the third paragraph as follows:

The guidelines are non-statutory but are intended to complement and assist in the interpretation of the District Plan. To this end, the Council will use these guidelines under section 104(1)(c) of the Resource Management Act to help it assess and make decisions on resource consent applications.

### Add the following after the existing fourth paragraph on page 1

#### 1.1a The Planning Framework

The Queenstown Lakes District Plan provides a planning framework for Cardrona Village through the Settlement Zone Chapter 20.

All owners and designers must refer to the Guidelines as part of undertaking certain types of development where a resource consent is required. The Guidelines will be considered on a case by case basis to the development.

The Guidelines are referenced within the District Plan in the Settlement Zone and Signs Chapter and seeks to inform and guide appropriate development outcomes within the areas governed by this document.

## Part 2.1 Structuring Elements (1) (Page 6)

### Amend the third paragraph as follows:

The full length of Cardrona Valley Road within the village boundaries is too long to sustain a vibrant retail frontage. The Commercial Precinct overlay as shown on the Plan Maps concentrates Commercial development ~~should therefore be concentrated~~ on the straight stretch of the road either side of the Hotel and around the envisaged village green.

### Amend the image at Page 6 as follows:

1. The 'Village Core / Main Street' annotation aligns with the Commercial Precinct as shown on the Stage 3 Plan Maps;
2. The extent of the zone aligns with the Settlement Zone as shown on the Stage 3 Plan Maps;

## Part 4.5 Landscaping and Planting in Cardrona Village (Page 28)

### Amend the table of planting follows:

1. Delete the reference to Sorbus aucuparia 'Rowan'.
2. Delete the reference to Crataegus monogyna 'Hawthorn'
