				3.5	2.6.6-2.6.6 Neighbourhood 11	Oppose	The brown section opposite the Dennison Fairways is now beyond the urban boundary as designated under PC30 and PC29 and although this is reflected as reserve, it should be retained as a reserve and Rural and not be built on	Accept in Part

				10.5	2.3.1-8.1	Oppose	Neither option fully expresses my thoughts. The problem is an individual may plan to settle in Arrowtown but needs time to pay down a mortgage on a property. 5 years may not be sufficient time. Yet conversely speculators may buy up available property or bare land then land bank this for years and years for the purpose of capital gains only.	Reject
				10.6	2.3.2-8.2.6.1	Support	Supports contained urban form. Against urban sprawl.	Accept
				10.7	2.3.3-8.4.11	Support	I support in principal, but consent should still be required and judged on a case by case example	Accept in Part

Reject
				11.2	1-Arrowtown Design Guidelines 2016	Oppose	That the STEM evaluation methodology be added to the Proposed District Plan so that the public have an understanding of what qualifies as a significant tree. This should include attachment 4 to this submission.	Reject

Submitter No.	Submitter	Address	Email	Point No.	Lowest Clause	Submitter Position	Submission Summary	Planner Recommendation
				11.3	4.20-4.20Vegetation: Plant Materials	Oppose	The ADG is applying a blanket tree rule in section 4.20.1 by using the following guideline "Retain and maintain all large trees, hedges and other vegetation that contribute to the character or sense of enclosure of the ARHMZ and the Town Centre." This is despite the fact that our tree, and no doubt others, are identified as inappropriate species for that area.	Reject
				11.4	4.20-4.20Vegetation: Plant Materials	Other	I appreciate the aesthetic and value that trees add to the Arrowtown landscape and agree there should be measures to protect heritage trees but consideration should also be given to private property owners where the benefits of scheduling the tree are outweighed by the negative impacts that the tree is causing.	Reject
12	Sandra Zuschlag	20 Bracken Street, Arrowtown, 9302	sandra@creationgreen.co.nz	12.1	5.1-5.1Plants	Oppose	Considers that Amelanchier (as it grows to 7m and as it is planted around the museum) is listed in the wrong table and not ticked for Historic Arrowtown. 				12.3	5.1-1Introduction	Oppose	Every Arrowtownner should know about them and be helped implementing them.	Accept
				12.4	5.1-1Introduction	Oppose	ADG should have the same power as the Jacks Point design guidelines. Every new project needs to be signed off by a review board of professionals.	Reject
				12.5	5.1-1Introduction	Oppose	ADG needs to be used and acted upon and not just a guide to keep Arrowtown Special	Reject
13	Vicki Patton	26 Essex Avenue, Arrowtown, 9302	vickiandmichael@paradise.net.nz	13.1	2.2-2.2Arrowtown's Heritage Character	Support	Supports the retention of the low key, rustic and rambling nature of Arrowtown. Esp the stone/iron elements and vegetation. Supports redevelopments and new features not 'pretending' to be old.	Accept
				13.2	3.8.1.1-3.8.1.13.8.1.1	Other	What are the options for future parking if not in the places listed in this section?	Reject
				13.3	3.17.1.6-3.17.1.63.17.1.6	Support	I support the use of multiple cells to accommodate larger homes and businesses in the town centre and the 'old town'. We do need our town to continue to develop and not be hamstrung by guidelines that restrict growth. Multiple cells could be subtly joined together to form larger developments.	Accept
				13.4	4-4Old Town and New Town Residential Area Guidelines	Support	I am happy to support cohesion in the town by applying as many guidelines as possible and practical when redeveloping the 'new town' houses and landscapes. I like the many examples given in photos of what aspects work with the Arrowtown look and those that don't.	Accept
14	John Murray Hanan	159 Highgate, Dunedin, 9010	jmhanan@xtra.co.nz	14.1	1-Arrowtown Design Guidelines 2016	Support	Support the ADG as they protect the boundary of Arrowtown as decided in PC29, and maintain the 'smallness is beautiful' concept of Arrowtown village life, controlling the tourism attractions that are contrary to the character of Arrowtown.	Accept in Part
15	Michael Martin	20B Wiltshire Street, Arrowtown, 9351	michael@nzthoroughbred.co.nz	15.1	2.4-2.4Neighbourhoods	Oppose	Please update the maps using 2014 aerial photographs. In particular map 20 page 51 does not show development from 2012 (tree removal in 2012 and new buildings in 2014)	Accept
16	Martin Barrett	24A Advance Terrace, Arrowtown, 9302	nandm.barrett@gmail.com	16.1	3.3-3.3Views and Vistas	Oppose	ADG in past has allowed designs that are considered eye-sores. ADG needs new clause: "All buildings in addition to particular or generic requirements for a site or zone, also need to be considered for their visual impact from a distance and a variety of view points, especially where those view points relate to tourist routes, historic areas, and other areas."	Reject
				16.2	4.13-4.13Views/Vistas	Oppose	ADG in past has allowed designs that are considered eye-sores. 				17.7	2.3.3-2.3.3New Town	Oppose	Maps need to be updated from the 2006 version. In particular map 51 doesn't show buildings from 2014 and trees no longer there since 2012.	Accept
				17.8	2.3.3-2.3.3New Town	Oppose	update the maps using 2014 aerial photos and put dates on the maps in the guidelines.	Accept
				17.9	1-Arrowtown Design Guidelines 2016	Support	Supports the ADG. The boundaries from PC29 need to be maintained to protect the heritage values and 'smallness is beautiful' village life of Arrowtown.	Accept in Part

				18.4	4.14-4.14Parking, Driveways and Garages	Oppose	Request exemption for NZFS. These requirements are focused on residential land uses. Fire Station requires open access ways and extra car parking.	Reject
				18.5	1-Arrowtown Design Guidelines 2016	Oppose	Request exemption for NZFS from the ADG to ensure the continued effective protection of Arrowtown during fire and other emergencies.	Reject
19	Shaping our Future (David Kennedy)		executive@shapingourfuture.org.nz	19.1	2-2Heritage and Character	Support	The authentic character of Arrowtown as a village is maintained	Accept

				19.13	4.12-4.12Pedestrian Networks	Support	supports efforts to support pedestrianisation of the town. prefer to keep design of which in character with Arrowtown and avoid 'traditional forms of footpaths'	Accept
				19.14	4-4Old Town and New Town Residential Area Guidelines	Oppose	The New Town needs requirements to adhere to the ADG to ensure new development reflects Arrowtown's vernacular. The ADG as proposed are possibly too constraining to be applied to the New Town, this would possibly result in a contemporary version of the Old Town, thereby limiting the evolution of Arrowtown's design landscape. Recommends less prescriptive guidelines for the New Town, which are applied rigorously.	Accept in Part
				19.15	2.3-2.3Arrowtown's Character Areas	Oppose	Amend to recognise the common traits in development of Arrowtown over the years has been: modest scale, use of local/natural materials, simple structures/forms, sizable trees, uncluttered spaces, connectivity of green spaces.	Accept
				19.16	2.3-Chapter 8 - Medium Density Residential	Other	MDR threatens to undermine the value of the ADG unless they are applied in all cases.	Reject

A few bollards would work, and the subdivision would have access by car from above the bollards through to Caernarvon Street.	Reject
				20.2	4.24-4.24Reserves and Parkways	Other	Talk the Cleary family into turning the wonderful old stone home land, including the orchard, into "Eamon Cleary Park" - the area on the lower terrace. this area is big enough for a small wonderful park.	Reject
21	Judith A Stevenson	PO Box 109610, Newmarket, Auckland, 1149	judy_stevenson2002@yahoo.co.nz	21.1	1-Arrowtown Design Guidelines 2016	Other	If the proposed MDR in Arrowtown does go ahead, I fully support the incorporation of the ADG into the PDP.	Accept
				21.2	2.3-Chapter 8 - Medium Density Residential	Oppose	Strongly object to MDR in Arrowtown. This would cause Arrowtown to lose it's character and uniqueness. Need to celebrate Arrowtown's uniqueness, history, and differences and not make it the same as other areas.	Reject
				21.3	4-4Old Town and New Town Residential Area Guidelines	Other	Traffic will be a problem if the proposed MDR goes ahead with so many extra people.	Reject

Submitter No.	Submitter	Address	Email	Point No.	Lowest Clause	Submitter Position	Submission Summary	Planner Recommendation
22	Alanna Harrington		alannaharrington@hotmail.com	22.1	1-Arrowtown Design Guidelines 2016	Support	I support the inclusion of the ADG in the District Plan. This will give them more statutory weight, but they will still require local community having some involvement in the process.	Accept
23	Mark Kramer	6 Criterion Street, Arrowtown, 9302	mjkramer@xtra.co.nz	23.1	3-3Town Centre Design Guidelines	Support	ADG should apply to all new dwellings. ADG should not apply to small/low key conversions of existing buildings/dwellings. The ADG should be trying to create more affordable housing for Arrowtown, and this should be reflected in the process required in creating them.	Reject
				23.2	3-3Town Centre Design Guidelines	Support	I support the extension of the ADG to cover Arrowtown in its entirety.	Accept
				23.3	2.3-Chapter 8 - Medium Density Residential	Oppose	The proposed MDR in Arrowtown is contentious and the changes in site coverage and height recession planes mean buildings seven meters high by sixteen meters long could be possible to be built one and a half meters off a common boundary with no control.	Reject
24	Ange van der Laan	13 Invernes Cres, Arrowtown, 9302	angevanderlaan@xtra.co.nz	24.1	3.6-3.6Surfaces: Paving, Drainage & Kerbs	Oppose	Delete section. Too prescriptive.	Reject
				24.2	3.9-3.9Fences and Walls	Oppose	Delete section. Too prescriptive.	Reject

				24.6	4.19-4.19Native Plantings	Oppose	Delete section. Too prescriptive.	Reject
				24.7	4.20-4.20Vegetation: Plant Materials	Oppose	Delete section. Too prescriptive.	Reject
				24.8	4.21-4.21Hedges, Fences, Walls and Gates	Oppose	Delete section. Too prescriptive.	Reject
				24.9	4.22-4.22Paving Surfaces and Materials	Oppose	Delete section. Too prescriptive.	Reject
				24.10	4-4Old Town and New Town Residential Area Guidelines	Oppose	Oppose the ADG being applied to the whole of Arrowtown. Should apply to ARHMZ only. I support the concept of tighter development controls but the DP is the appropriate mechanism for this. Requiring all neighbourhoods to incorporate the character of a mining town risks compromising the integrity and history of the original historic area.	Reject
				24.11	1-Arrowtown Design Guidelines 2016	Oppose	abandon the ADG for all of Arrowtown - apply only to ARHMZ. If ADG are adopted the process for decision making must be transparent and robust, those involved must be accountable, and the ADG needs to be revised to recognise and respect the distinctly different development phases, and that it is inappropriate to impose a 'heritage' framework in the New Town.	Reject
				24.12	2.6-2.6New Town Neighbourhoods	Oppose	ADG should not apply to the New Town. this is because most of Arrowtown has been built after 1950. All of the era's of development are distinct and unique chapters in the evolution of Arrowtown, and no less important than the historical miners.	Reject
25	David Clarke		dwclarke@xtra.co.nz	25.1	1-Arrowtown Design Guidelines 2016	Support	I support the 2016 ADG being used across the whole town. In a lot of cases the guidelines have been ignored in the 'new town' and the result has been a number of large houses being built that do not reflect the Arrowtown vernacular. For the guidelines to be relevant they need to have some teeth.	Accept
				25.2	2.3-Chapter 8 - Medium Density Residential	Oppose	The ADG need to include all the new town with specific reference to the MDR	Accept in Part
				25.3	2.6-2.6New Town Neighbourhoods	Other	Prefers to have no MDR and to infill the 'new town' in LDR on a case by case basis, taking into account scale, character, and amenity of any intensification.	Reject
				25.4	4-4Old Town and New Town Residential Area Guidelines	Other	Opposes the proposed MDR and prefers that infilling of the 'new town' be done on a case by case basis taking into account scale, character and amenity of the proposed intensification. Requirement of a review panel for vetting the developments in the 'new town'.	Reject

27	Arrowtown Planning Advisory Group (David Clarke)		dwclarke@xtra.co.nz	27.1	1-Arrowtown Design Guidelines 2016	Support	Overall support the ADG, that allows continuing development while incorporating the character of the town. Hope for a more overarching use of the guidelines to cover all development. Note that many people are disappointed in what has occurred in some parts of Arrowtown with houses that pay no respect to Arrowtown's vernacular. Generally in the 'old town' the results of the ADG are considered excellent - the old town has retained its character and amenity while allowing for sustainable redevelopment and new building to occur. 				28.22	4-4Old Town and New Town Residential Area Guidelines	Oppose	Reorganise the ADG to separate out the Old Town and have separate guidelines for MDR and MDR. I oppose the combining of the Old Town and New Town Guidelines. This has resulted in the weakening of the Old Town guidelines and creates confusion in how they have been reorganised from the 2006 Guidelines. It creates the perception that the cottage styles and forms of the old town are to be used in the New town when the intention is to encourage some of the characteristics of the old town into the New Town but not slavishly adhere to cottage styles	Reject
