18A.1 Purpose

The purpose of the General Industrial and Service Zone is to provide for the establishment, operation and long term viability of Industrial and Service activities. The Zone recognises the significant role these activities play in supporting the District's economic and social wellbeing by prioritising their requirements, and zoning land to ensure sufficient industrial development capacity.

The Zone seeks to ensure a range of site sizes are available, including for those Industrial and Service activities which require larger buildings and more space for the purpose of outdoor storage, manoeuvring of vehicles including heavy vehicles. Ancillary Office, Retail and Commercial activities are important in supporting Industrial and Service activities and are enabled. Activities and development that would not primarily result in sites being used for Industrial and Service activities are avoided. This includes new Office, Retail and Commercial activities.

A number of existing Office, Retail and Commercial activities were established within the Zone under the previous District Plan framework. The Zone seeks to recognise these activities by permitting them, and to provide for them to change overtime through the resource consent process. Any changes to these activities are likely to be limited in nature and scale so as to support the overall intent of the Zone to provide for Industrial and Service activities.

While the Zone seeks to provide for land uses more commonly associated with noise, glare, dust, odour, shading, visual and traffic effects and other similar effects, it also seeks to manage activities and development to ensure that appropriate levels of amenity are achieved for people who work within and visit the Zone, and to avoid adverse amenity effects on land located outside of the Zone.

GENERAL INDUSTRIAL & SERVICE ZONE 18A

Section 18A.1 Zone Purpose and relief sought	Appellant Court Number
Amend 18A.1 Zone Purpose to: Change focus of zone away from solely Industrial and Service activities. Remove requirement for office, retail and commercial activities to be in support of Industrial and Service Activities. Remove wording around “avoiding” non-industrial and service activities. Continue to provide for future change and expansion of existing and consented Office, Retail and Commercial activities. Remove any reference to requirements for any change in these activities to be limited in nature and scale and to have to support and provide for Industrial and Service activities. 18A.2.4.1 Manage noise, glare, dust, odour, shading, visual and traffic effects of activities and development within the Zone to ensure the amenity of other zones is not adversely affected, including through the use of Building Restriction Areas.

18A.2.4.2 Manage adverse effects of activities on the visual amenity of main gateway routes into Queenstown, Wanaka and Arrowtown through the use of landscaping and by controlling the bulk and location of buildings and development.

18A.2.5 Objective - Activities sensitive to aircraft noise within the Queenstown Airport Air Noise Boundary or Outer Control Boundary are avoided or managed to mitigate noise and reverse sensitivity effects.

Policies

18A.2.5.1 Require as necessary all alterations and additions to buildings containing an Activity Sensitive to Aircraft Noise located within the Queenstown Airport Air Noise Boundary or Outer Control Boundary to be designed and built to achieve specified design controls.

18A.2.5.2 Avoid any new Activity Sensitive to Aircraft Noise within the Queenstown Airport Air Noise Boundary or Outer Control Boundary.

18A.3.2 Interpreting and Applying the Rules

18A.3.2.1 A permitted activity must comply with all the rules listed in the Activity and Standards tables, and any relevant district wide rules.

18A.3.2.2 Where an activity does not comply with a Standard listed in the Standards table, the activity status identified by the 'Non-Compliance Status' column shall apply. Where an activity breaches more than one Standard, the most restrictive status shall apply to the activity.

18A.3.2.3 For controlled and restricted discretionary activities, the Council shall restrict the exercise of its discretion to the matters listed in the rule.

18A.3.2.4 These following abbreviations are used in the following tables. Any activity which is not permitted (P) or prohibited (PR) requires resource consent.

18A.3.2.5 Compliance with the New Zealand Electrical Code of Practice for Electrical Safe Distances ("NZECP34:2001") is mandatory under the Electricity Act 1992. All activities, such as buildings, earthworks and conductive fences regulated by NZECP34: 2001, including any activities that are otherwise permitted by the District Plan must comply with this legislation. Chapter 30 (Energy and Utilities) part 30.3.2.c has additional information in relation to activities and obligations under NZECP43:2001.
