Proposed District Plan

MINUTE CONCERNING REFERENCES TO PDP PROVISIONS

1. This Minute has arisen from the drafting of the s.42A Report for Stream 4 – Subdivision, but is generally applicable to all hearing streams and to all evidence presented to the Hearing Panel.
2. We ask that when a redrafted version of the PDP provisions are attached to a report or brief of evidence, that references within the report or evidence to the redrafted provision(s) clearly identify the redrafted provision's number as well as the notified provision number. This could be in the format of, for example, [Redraft 26.5, p.26-7, Notified 26.4, p.26-3].
3. In addition, when preparing redrafted provisions, it would be helpful if when provisions are proposed to be re-ordered, reference is made to where the provision was previously located. We note that the Council officers have been using comments to identify the rationale for changes. Identifying where provisions were formerly located by way of comments would assist.
4. Finally, we ask that Mr Bryce provide a marked up version of his s.42A Report containing cross-referencing the individual provisions of his Appendix 1 and the equivalent in the notified version of the PDP in the manner outlined above as soon as possible.
