**MINUTE CONCERNING LATE REQUEST FOR HEARING TIME**

1. Counsel for Jacks Point Residents and Owners Association (“JPROA”) has today requested hearing time in relation to JPROA’s further submission (FS1277) in conditional support to Submission 715. Counsel’s Memorandum seeks waivers and directions in respect of the late request and the evidence lodged on behalf of JPROA today.
2. We requested indications of hearing times from submitters and further submitters to enable the preparation of an efficient hearing timetable. As it transpires, several submitters sought more time than they will now require, so we there will be no difficulty in accommodating JPROA’s request in a timetabling sense.
3. We also do not wish to exclude any submitter or further submitter unnecessarily. The additional evidence provided can only serve to assist us in making our recommendations to the Council.
4. In summary, I grant the waivers in respect of the late request for hearing time and accept the evidence lodged as rebuttal evidence. Submitter 715 is entitled to respond to this at the hearing if they wish.
5. We are trying to finalise the timetable in the light of reductions of hearing time in respect of several submitters. Once that is concluded we will advise counsel of the allocated time, noting the preferences expressed in paragraph 10 of the memorandum.
