B: Under s285 of the Resource Management Act 1991, there is no order as to costs (unless stated otherwise).

REASONS

Introduction

[1] This is an appeal by Wayfare Group Limited against parts of a decision of the Queenstown Lakes District Council on Chapters 2 (Definitions) and 31 (Signs) of the Proposed Queenstown Lakes District Plan – Stage 2. In particular it relates to Topic 27 Signs.

[2] The court has now read and considered the consent memorandum of the parties dated 16 October 2020 which proposes to resolve the parts of the appeal allocated to Topic 27.

Other relevant matters

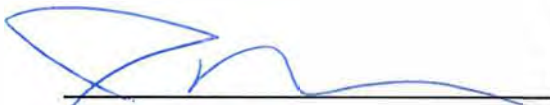

[3] Several parties gave notice of an intention to become parties under s274 of the Resource Management Act 1991 ('the RMA') and have signed the memorandum setting out the relief sought.

Orders

[4] The court makes this order under s279(1) RMA, such order being by consent, rather than representing a decision or determination on the merits pursuant to s297. The court understands for present purposes that:

- (a) all parties to the proceedings have executed the memorandum requesting this order;
- (b) all parties are satisfied that all matters proposed for the court's endorsement fall within the court's jurisdiction and conform to the relevant requirements and objectives of the RMA including, in particular, pt 2.

31 Signs

31.1 Purpose

Signs provide information to the general public and can assist with creating a sustainable and vibrant community. There are significant benefits associated with enabling signage to achieve these outcomes. However, signs can have adverse environmental effects particularly on visual amenity, and could conflict with traffic and pedestrian safety. Managing the number, type, location, appearance and design of signs helps to minimise these adverse effects and maintain a quality environment.

Visual amenity values vary across the District, and are influenced by the nature of land use, including land use and associated development anticipated by the various District Plan Zones. In commercial areas signs can improve the flow of people and traffic, helping people get where they want to go and directing them to amenities. In residential and rural areas, signs have greater potential to create adverse effects on visual amenity due to the more sensitive nature of these areas.

Because of these variations, it is appropriate that different standards for signage apply to different areas. Signs are managed in relation to their suitability for different areas, and the sign types are defined in Chapter 2 - Definitions.

There is flexibility for interpretive signs including recognising the role they play in assisting visitors finding their way. There is also flexibility for temporary event signs, recognising the community benefits of events, the importance of signs for way-finding within event sites, and the limited duration of the adverse effects of such signs. Off-site signs have more restrictive rules, acknowledging that these can cause significant adverse effects if they are not appropriately managed.

31.2 Objectives and Policies

31.2.1 Objective - Signage which is of a scale and extent that maintains the character and amenity values of the District and enhances access.

Policies

31.2.1.1 Ensure the number, size, location, design and appearance of signs maintain the character and amenity values anticipated for the site, street scene and surrounding environment.

- 31.2.1.2 When considering the character and amenity values that apply to the site and surrounding environment, consider the character and amenity values anticipated by any relevant District Plan Zone, or in the case of signs proposed within the road, consider the character and amenity values anticipated by the nearest adjoining Zone.
- 31.2.1.3 Encourage signs to be located on the site of the related activity.
- 31.2.1.4 Off-site signs are provided for in limited circumstances.
- 31.2.1.5 Restrict the establishment of off-site signs, having particular regard to:
- a. whether it is not practical to display the information on the site where the activity and/or use of land or buildings occurs;
 - b. visual amenity values;
 - c. any cumulative adverse visual effects, including visual clutter; and
 - d. any adverse effects on the safety of the transport network.
- 31.2.1.6 Acknowledge that off-site signs that convey information to assist the public or convey public notices, rather than being for the purpose of commercial advertising, can have social and cultural benefits.
- 31.2.1.7 Ensure that any lighting in conjunction with signs does not lead to adverse effects on the receiving environment.
- 31.2.1.8 Support the establishment of information, interpretation and direction signs that:
- a. assist with improving the legibility of, and knowledge of access to, ~~public~~ open spaces; and
 - b. assist with achieving Crime Prevention Through Environmental Design (CPTED) principles.
- 31.2.1.9 In District Plan Zones that are primarily for commercial or mixed use activities:
- a. provide for a diverse range of sign types that facilitate effective communication of business information and commercial individuality within the context of the wider commercial area;
 - b. limit the number and size of signs enabled per commercial tenancy, and cumulatively on buildings that have multiple tenancies, to avoid, remedy or mitigate adverse effects on the visual amenity values of the site and the surrounding environment; and

- c. encourage the incorporation of freestanding signs into the overall design of the site to achieve good integration with any pedestrian or vehicle access arrangements, car parking and/or landscaping layout.

31.2.1.10 Ensure signs in ~~public open~~ places or attached to utilities or buildings for community activities are generally limited to signs necessary for direction, interpretation, public information or public safety, and provide for signs for other purposes in limited circumstances.

31.2.1.11 Avoid, remedy or mitigate the adverse effects of signs located on an Outstanding Natural Feature or within an Outstanding Natural Landscape through applying the relevant assessment matters in part 21.21 of the District Plan.

31.2.1.12 Encourage efficient management of signs through the establishment of signage platforms to reduce the need for a new resource consent each time the sign content is altered and ensure that any resource consent conditions that apply to the signage platform also apply to any subsequent changes to the sign content.

31.2.1.13 Avoid adverse effects from the following signs and sign types:

- a. flashing, moving or animated signs and signs that create an optical illusion;
- b. roof signs;
- ~~c.~~ billboard signs;
- ~~d.~~ c. signs displaying sexually explicit, lewd or otherwise offensive content;
- ~~e.~~ d. stationary sign-written trailers, vehicles or permanently moored vessels or signs attached to stationary trailers, vehicles or permanently moored vessels which are visible from any road or public place for the purpose of advertising; and
- ~~f.~~ e. signs imitating any traffic direction and safety sign as required by the New Zealand Transport Agency.

31.2.1.14 Manage the effects of signs on heritage values having particular regard to:

- a. the design, location and size of signs and the method of attachment;
- b. any Council design guideline, being either the Queenstown Town Centre Special Character Area Design Guidelines 2015, Wanaka Town Centre Character Guideline 2011, or the Arrowtown Design Guidelines 2016;
- c. the benefits of the sign; and
- d. the function of the sign.

Note: any relevant objectives and provisions of Chapter 26 – Historic Heritage will also apply.

31.2.1.X Provide for billboards in limited circumstances in Queenstown Town Centre Zone, Wanaka Town Centre Zone and Wanaka Airport Zone, while having particular regard to the special character and amenity of the town centres and the rural setting of Wanaka Airport. Avoid adverse effects of billboard signs in all other locations.

31.2.2 Objective –Signs have limited adverse effects on public safety, including the safety of pedestrians and users of the transport network.

Policies

31.2.2.1 Avoid adverse effects of signs that obstruct access to or through a pedestrian thoroughfare or the transport network.

31.2.2.2 Ensure the design and location of signs does not adversely affect traffic safety by causing confusion or distraction, or obstructing the sight lines of road users.

31.2.2.3 Support the establishment of information signs and lay-bys at the entrance to the District’s settlements and at sites of natural, historical or tangata whenua interest.

31.2.2.4 Support the use of traditional Ngāi Tahu (tangata whenua) place names on signs within the District.

31.2.2.5 Ensure that any lighting in conjunction with signs does not adversely affect pedestrian, ~~and~~ traffic and navigation safety.

31.2.2.6 Limit the number of off-site signs that are designed and located to attract the attention of users of the transport network, with the exception of off-site signs installed by a road controlling authority or the harbourmaster that are for the purpose of assisting users of roads, lakes or rivers and promoting traffic or navigation safety.

31.2.2.7 Limit the duration of off-site signs when future landuse and/or transport network changes are likely to result in the off-site sign being inappropriate from a site development and/or traffic safety perspective.

31.2.3 Objective - Signs are complementary to, ~~and or~~ do not detract from, the design values of the building they are attached to and are sympathetic to the design values of nearby developments and public places.

Policies

31.2.3.1 Ensure the design and display of signs is ~~consistent with and~~ complementary to the overall design of the building through attention to:

- a. the number, size, height and elevation of signs;
- b. lettering design;
- c. colours and materials;

- d. the location of the sign on the building;
 - e. the relationship of the sign to any architectural features of the building and any adjacent buildings or development; and
 - f. the effect of illumination of the sign on the host site, adjoining sites and public places (including roads).
- 31.2.3.2 Ensure the design of signs attached to buildings is compatible with and maintains sympathetic to the amenity, visual, heritage, landscape and streetscape values of the site and surrounding environment.
- 31.2.3.3 For signs attached to buildings that exceed the sign size or dimension limits specified in this chapter, only provide approval where the sign:
- a. is well integrated with the building design;
 - b. is compatible with the character of surrounding development;
 - c. is consistent with the relevant Council design guidelines, being either the Queenstown Town Centre Special Character Area Design Guidelines 2015, Wanaka Town Centre Character Guideline 2011, or the Arrowtown Design Guidelines 2016;
 - d. does not create adverse effects on the quality of a streetscape or a public place, including creating visual dominance; and
 - e. is visually compatible with the wider surrounding environment.
- 31.2.3.4 Manage the extent of signage on windows to promote interaction between buildings, streets and public places, and to encourage visual interest for pedestrians.
- 31.2.3.5 In instances when a new or altered building will have accompanying signage, encourage the identification of signage platforms so that signs are integrated into building design.
- 31.2.4 Objective - Signs located on waterfronts, wharves and jetties (including signs on buildings on wharves and jetties) convey necessary and interpretive information while preserving a high standard of amenity and public views.**

Policies

- 31.2.4.1 Provide for signs that convey information regarding commercial activities and services that operate from or adjacent to the wharf, jetty or waterfront on which the sign is located.

31.2.4.2 Ensure that waterfront signs provide only ~~essential~~ information directly associated with activities based on the surface of lakes and rivers or undertaken within spaces and buildings located on wharves and jetties and/or the waterfront.

31.2.4.3 Ensure that signs on wharves, jetties and waterfronts do not detract from the views and amenity of the foreshore and of the lakes and rivers through inappropriate placement, size and colour.

31.2.5 Objective – Signs promoting temporary events minimise adverse effects on traffic, pedestrian and public safety and visual amenity.

Policies

31.2.5.1 Recognise the contribution that temporary events make to the social, economic and cultural wellbeing of the District by:

- a. enabling temporary event signs to be erected on the event site, but limit the size of signs and the duration of time that they are displayed; and
- b. enabling temporary event signs to be erected outside the event site, but limit the number and size of signs and the duration of time they are displayed.

31.2.5.2 When considering temporary event signs, have particular regard to the effects on traffic, pedestrian and public safety and visual amenity.

31.2.5.3 Limit the number of temporary event signs that are designed and located to attract the attention of users of the transport network.

31.2.6 Objective – Signs located within Ski Area Sub-Zones do not compromise the landscape and visual amenity values of the area when viewed from public places (including public roads).

Policies

31.2.6.1 Provide for signage within Ski Area Sub-Zones that conveys operational, directional and safety information regarding ski field activities.

31.2.6.2 Manage signs advertising commercial activities and sponsorship signs within Ski Area Sub-Zones so that the landscape and visual amenity values of the area, when viewed from public places (including public roads), can be maintained.

31.3.2 Interpreting and Applying the Rules

- 31.3.2.1 Table 31.4 sets out the District wide activity status for specific types of signs. These apply in all zones and on roads. These sign types must comply with the standards in Table 31.5.
- 31.3.2.2 Table 31.6 sets out the activity status for specific sign types in commercial areas. The activities listed in Table 31.6 must comply with the standards in Table 31.7.
- 31.3.2.3 Table 31.8 sets out the activity status for specific sign types in in specified residential zones. These activities must comply with the standards in Table 31.9.
- 31.3.2.4 Table 31.10 sets out the activity status for sign types in rural areas. These activities must comply with the standards in Table 31.11.
- 31.3.2.5 Table 31.12 sets out the activity status for sign types in the Open Space and Recreation Zones. These activities must comply with the standards in Table 31.13.
- 31.3.2.6 Table 31.14 sets out the activity status for sign types in the Special Zones. These activities must comply with the standards in Table 31.15.
- 31.3.2.7 Where an activity does not comply with a standard listed in a Standards table, the activity status identified by the 'Non-Compliance Status' column shall apply.
- 31.3.2.8 If there is a conflict between a rule in Table 31.4 and a rule in a table applying to a specific area (Tables 31.6, 31.8 and 31.10), then the rule in the specific area table shall apply.
- 31.3.2.9 Freestanding signs, sandwich boards, flat board signs, under verandah signs, flags and banners may be double sided, with only one side being counted towards the sign area. All other signs will be assessed on a single sided basis.
- 31.3.2.10 To measure the area of the ground floor façade for applying Rules 31.7.3 and 31.7.4:

- a. measure horizontally by the length of the building along the road, footpath, access way or service lane to which it has frontage; and
- b. measure vertically the height from the surface of the road, footpath, access way or service lane to the point at which either:
 - (i) the verandah meets the wall of the building; or
 - (ii) when there is no verandah, a height of 3m above the surface of the road, footpath, access way or service lane;

whichever is the lesser.

31.3.2.11 The Diagrams in section 31.20 of this Chapter illustrate how some standards are to be applied and illustrate some sign types.

31.3.2.12 The rules in this chapter do not apply to signage located in the Airport Zone that complies with Rule 17.4.2, or has been granted a consent under Rule 17.4.5 or 17.6.4.

31.3.2.13 The following abbreviations are used within this Chapter.

P	Permitted	C	Controlled
RD	Restricted Discretionary	D	Discretionary
NC	Non Complying	PR	Prohibited

Advice Notes

31.3.2.14 Any sign located on or over Council land will require the approval of the Council as landowner.

31.3.2.15 Any sign located on or over a State Highway will require the approval of the New Zealand Transport Agency as landowner.

31.16 Non-Notification of Applications

31.16.1 All applications for controlled activities shall not require the written consent of other persons and shall not be notified or limited-notified.

31.x Notification of Applications

All applications for resource consent for non-compliance with Rule 31.7.7 shall be publically notified.

31.17 Matters of Control

31.17.1 The exercise of Council's control shall be limited to:

- a. colour and materials;
- b. design and content;
- c. location;
- d. access and safety; and
- e. compliance with any relevant Council design guideline, being either the Queenstown Town Centre Special Character Area Design Guidelines 2015, Wanaka Town Centre Character Guideline 2011, or the Arrowtown Design Guidelines 2016.

31.18 Matters of Discretion

31.18.1 Council's discretion shall be restricted to:

- a. colour and materials;
- b. design and content;
- c. location;
- d. access and safety; ~~and~~
- e. landscape and visual amenity values, and
- f. dominance effects.

31.19 Assessment Matters

31.19.1 In considering whether or not to grant consent or impose conditions on a resource consent for a sign (including a signage platform), the Council shall have regard to, but not be limited by, the following assessment matters.

31.19.2 All Activities – General

31.19.2.1 The extent to which the proposed sign is compatible with the character of the site, buildings and surrounding environment.

31.19.2.2 Whether the sign is located on the site of the activity it relates to and the extent to which there is a functional or locational constraint for locating the sign outside of the site of the activity.

31.19.2.3 Whether the sign will affect public safety, including the safety of pedestrians and users of the transport network.

31.19.2.4 In respect of temporary event signs: whether the period the sign is to be erected is necessary for the event being advertised and whether the adverse effects on traffic, pedestrian, public safety and visual amenity are appropriately managed.

31.19.2.5 In respect of signs located on wharves and jetties (including on buildings on wharves and jetties) whether the signs convey necessary information while preserving a high standard of amenity and public views and ensuring pedestrian access is not impeded.

31.19.2.6 Whether the sign will adversely affect heritage values.

31.19.3 Controlled Activities**Colour and materials**

31.19.3.1 Whether the proposed sign:

- a. Incorporates colours and materials that complement the external appearance of the building, including surrounding buildings.
- b. Incorporates colours and materials that are sympathetic to the surrounding landscape.

Design and content

31.19.3.2 Design, including lighting, is consistent with and sympathetic to the surrounding environment

31.19.3.3 Whether there are any effects on heritage buildings, or on buildings and structures in heritage precincts, and whether any conservation advice has been obtained.

31.19.3.4 When considering signage platforms, the extent that the signage platforms have been considered within the overall design of the building and specifically the architectural features of the building.

Location

31.19.3.5 Whether the requirements of multiple tenants within a building have been provided for.

Access and safety

31.19.3.6 Whether the sign adversely affects public pedestrian access through inappropriate location, design or type of sign.

Compliance with any relevant Council design guidelines

31.19.3.7 Where relevant, the extent to which a proposal accords with the Queenstown Town Centre Special Character Area Design Guidelines 2015 or the Wanaka Town Centre Character Guideline 2011.

31.19.3.8 For an application for a sign in the Arrowtown Town Centre Zone, the extent to which the proposal accords with the following guidelines (from section 3.14.1 of the Arrowtown Design Guideline 2016) to ensure that the design and placement respects historic buildings and the character of the Town Centre:

- a. Signs must not obscure historic building details or important vistas.
- b. Reduce the number of signs used in a single location by the use of directory or finger signs.
- c. Signs handwritten on the building in the traditional way are best, provided they do not alter or obscure parts of the building.
- d. Small scale signs, either mounted on to buildings or free standing, are appropriate.
- e. Sign materials shall be similar to those used traditionally. Painted wood and metal are appropriate. Plastic and highly reflective materials are inappropriate.
- f. Illuminated, neon or flashing signs are not appropriate and must not be used if heritage character is to be protected.

31.19.3.9 In respect of signs in any area where the Arrowtown Design Guidelines 2016 applies: whether the application is accompanied by a report from the Arrowtown Planning Advisory Group; and whether that report approves the nature, form, size, content and positioning of the sign.

31.19.4 Discretionary Activities – Signs within Commercial Areas

- 31.19.4.1 The extent to which:
- a. The size of the signage is visually compatible with the scale and character of the building to which it relates and the surrounding environment.
 - b. The design, location and size of the proposed signage complements the surrounding built environment and does not dominate built form;
 - c. The design is consistent with other signs in the vicinity.
 - d. The size, colour and location do not adversely affect traffic and/or pedestrian safety.
 - e. The placement, size and choice of materials has considered the architectural features of the building on which the sign is to be erected.
 - f. Any signage on windows will retain the function of the window to provide interest, activity and passive surveillance on the street.
- 31.19.4.2 Whether the cumulative effects of the proposed signage (and signage anticipated to be established on the same building) will adversely affect the streetscape and visual amenity of the surrounding environment.
- 31.19.4.3 For any sign within the Arrowtown Town Centre Zone apply the assessment matters in 31.19.3.8.
- 31.19.5 Discretionary Activities – Signs within Residential Areas**
- 31.19.5.1 Compatibility with the amenity values of the surrounding environment considering the visual amenity of the street and neighbouring properties including:
- a. Whether the design, location and size of the proposed signage will detract from the residential character of the site and/or building on which it is situated.
 - b. Whether the proposed signage dominates the streetscape and wider residential character of the area in which it is located.
 - c. The size, colour and location of the signage do not adversely affect traffic and/or pedestrian safety.
- 31.19.5.2 For any sign within a residential zone where the Arrowtown Design Guideline 2016 applies (namely the Arrowtown Residential Historic Management Zone and part of the Lower Density Suburban Residential Zone and Medium Density Residential Zone) apply the guideline (from section 4.23.1) to ensure that the design and placement respects historic buildings and the character of the area. In addition, locate and design signs to complement the context and site.

31.19.6 Discretionary Activities – Signs within Other Areas

31.19.6.1 The extent to which:

- a. The design, colours and materials of the proposed sign is compatible with the character and amenity values of the site (including the amenity values anticipated for the District Plan zone that applies to the site), street scene and surrounding environment.

31.19.6.2 Any adverse effects of the proposed signage in terms of:

- a. Lighting.
- b. The extent to which the proposed signage may cause a visual distraction to drivers.
- c. Location with special regard to skylines, ridges, hills and prominent slopes.

31.19.6.3 When considering the effects of signs located on an Outstanding Natural Feature (ONF) or within an Outstanding Natural Landscape (ONL) identified on the Planning Maps, apply any relevant assessment matters in part 21.21 Rural Zone of the District Plan.
